Notes:

Evaluated by: _____

Award of Brewing Instructions to Judges

1. Entrant completes the top part of registration form, including BJCP category.
2. Circle Yes in the Tasting Result box if the beer matches the indicated BJCP style AND exhibits no flavor problems derived from process or handling problems. Otherwise, circle No.
3. In the Reference Score box, indicate a ballpark score that you think the beer might receive if it were to go through a formal judging process.
4. Notes are always appreciated by the entrant. They should be practical, such that should the brewer make this beer again it could turn out even better. Indicate obvious problems with ingredients, brewing process, or handling especially if "No" was selected in the Tasting Result box.
5. Record all judges names on the Evaluated By line.
